MICROFINANCE PROGRAMS

SMALL BUSINESS

Our business clients have great ideas but are held back because of poor credit or a lack of assets. We offer low-interest loans to give emerging entrepreneurs access to the capital they need for success. They're also matched with a free coach to ensure their business is backed with a solid plan.

FOREIGN CREDENTIAL RECOGNITION LOANS

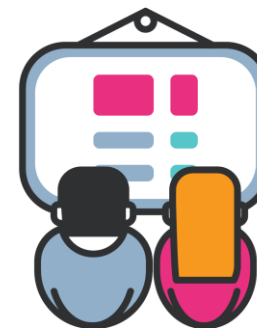

Internationally-trained professionals are armed with skills that our community needs, yet accreditation costs and a lack of credit history keep far too many underemployed. By helping educated newcomers re-launch their careers we create a better future for them—and the Canadians who will benefit from their services.

EDUCATION PROGRAMS

WOMEN'S BUSINESS ACCELERATOR

Our free workshop series equips newcomer women with the tools they need to build a profitable business—and economic independence.

EDUCATION AND OUTREACH

Through our workshops and speaker series, we provide education on personal finance and managing debt to create long-term financial well-being.

Contact us if you'd like to collaborate!
